**Hood's Sarsaparilla**  
Liquid or Tablets, 100 Doses One Dollar.

## HANGING TO CLOTHES POLE

Body of Boston Woman Was Found Early Yesterday Morning.

Boston, Oct. 24.—Mrs. Anna Pieterz, fifty-four years of age, of No. 43 Green street, Jamaica Plain, committed suicide early yesterday, while suffering, it is believed, from mental troubles.

Hanging to a clothes pole by a stout clothesline in a wood-shed at the rear of her modest residence she was found by Madeline, her pretty light-haired daughter.

"I went to the wood-shed thinking that mother might have gone there for wood. I saw her hanging to a clothes pole. I ran to her and shook her body, but she gave no sign of life. Then I called the police," said the grief-stricken girl.

The pretty daughter found her mother's body suspended by the clothes line at 7:30 o'clock. The police at station 13, directly in the rear of the house in Green street, were called.

Miss Madeline says that her mother has been suffering mentally for the past two weeks or more. She says that her mother always had a horror of suicide, and had often spoken her mind against it.

Mrs. Pieterz has been housekeeper for her brother-in-law, Albert J. Orne, a carpenter of Jamaica Plain. Her husband died about fifteen years ago, and ever since then the mother has made her daughter her object in life. She put her daughter through the public and West Roxbury high schools.

## DUCHESS ARRIVES

## WITH VANDERBILTS.

Kaiser Wilhelm II Brings Nobles from Abroad to New York.

New York, Oct. 23.—On the steamer Kaiser Wilhelm II, which arrived yesterday, were the Duchess of Marlborough, Mr. and Mrs. W. K. Vanderbilt, Sr., and Mrs. Vanderbilt's two children. One of the New York Central tugs met the steamer at quarantine to take the party off.

A Baltimore & Ohio tug met Oscar G. Murray, president of that railroad. Among other arrivals were Olga Samoroff, the pianist, who will open a recital on Oct. 25 in Boston; Prof. H. V. H. Frucht, Md. Franklin Butten, Mrs. N. L. Munro, Dr. Gerlach, E. F. Shepard, Conrad Uhl, Nelson Taylor and Vladimir Corobachinski.

## PUT A BAN ON "CLOSED SHOP"

Against Public Policy Declared Judge Thompson

## INJUNCTION ON A UNION

United States Judge Said That Vote on Strike Question Will Not Be Allowed

—Contracts Must Run Their Limit Also.

Cincinnati, Oct. 24.—Declaring that the "closed shop" is against public policy, United States Judge Thompson has issued an injunction against the inciting of strikes by the officials of the International Pressmen's Union against the United Typothetae of America.

An amended complaint also was filed eliminating certain persons heretofore named who were not considered indispensable to the suit. George L. Berry and Patrick J. McMullen, president and secretary-treasurer, respectively, of the International Pressmen's and Assistants' Union of North America, are declared to have conspired to incite strikes, contrary to an agreement between the union and the United Typothetae of America.

They are therefore enjoined from calling or instituting strikes or advising, abiding and assisting in the calling or instituting of any strike against the business of the said members of said typothetae, or any of them, for their refusal or the refusal of any of them to institute an "eight-hour day" in their respective businesses prior to Jan. 1, 1909, or the "closed shop" in their respective businesses at any time. The taking of a referendum vote upon instituting of the eight-hour day or the "closed shop" and the payment of strike benefits in support of such strikes are forbidden by the injunction, which covers all possible means of encouraging or inciting such a strike.

## MENTAL STRAIN WAS TOO MUCH FOR HIM

Hugh Whitney of Beverly, Mass., Killed Himself With Revolver, Had Not Been Well For Several Weeks.

Beverly, Mass., Oct. 24.—Hugh Whitney of Milton, a summer resident living in Grover street, this town, a prominent member of the Myopia club, who has been suffering under a mental strain for several weeks was found shot through the head and dead in his bed yesterday by his brother, Ellerton T. Whitney, also of Milton. In Mr. Whitney's hand was a revolver.

It is believed that Mr. Whitney committed suicide some time during the night, for no revolver shot had been heard by any person in the house. Assistant Medical Examiner Dr. Harry Sears of Beverly viewed the body, but made no public statement.

Hugh Whitney leaves a widow and several children. He had offices in Boston at No. 85 Devonshire street.

## HEARST PAROLED.

Hearing Adjourned in the Chanler Libel Action.

New York, Oct. 24.—William R. Hearst was arraigned yesterday afternoon before Justice Wyatt of special session, charged with criminally libelling William Astor Chanler in the New York Evening Journal. Justice Wyatt paroled Mr. Hearst in custody of his counsel, Clarence J. Shearn, for examination on Wednesday.

Mr. Hearst accompanied by Mr. Shearn arrived in Justice Wyatt's chambers at 1:15. Here he found awaiting him Detective Reardon of the district attorney's office. Mr. Chanler was not present.

As Mr. Hearst entered the room Detective Reardon stepped forward to serve his warrant. Mr. Shearn, however, interposed.

"You can serve the warrant on me," said Mr. Shearn.

"That is impossible," answered the detective.

"Then serve it," Mr. Shearn said angrily. "I suppose you're proud of it."

"I am simply doing my duty," replied Detective Reardon, who at once served the warrant upon Mr. Hearst.

Justice Wyatt then entered the room and Assistant District Attorney Garvan applied for \$1,000 bail. Mr. Shearn again interposed and asked that Mr. Hearst be paroled in his custody.

"This is the method followed in the case of Mr. Brisbane and also in the case of Mr. Perkins, and I see no reason why it should not be followed in this case."

After a short argument between Mr. Shearn and Mr. Garvan, Justice Wyatt agreed to parole Mr. Hearst until Wednesday.

## SAVED BOY FROM DEATH.

President Saw Youngster Near Wheels of the Train.

Lynchburg, Va., Oct. 24.—President Roosevelt was instrumental in saving a boy from being crushed to death under the wheels of his special train yesterday, just as it was about to leave Roanoke, Va.

While ending his speech, a boy about 10 years old, darted under the car on his hands and knees just as the president was saying good bye and the train was beginning to move.

The crowd did not notice the boy, but the president's eye caught him, and he shouted: "Quick, help that boy out." A man reached down and dragged the boy from under the car just in time to save his life.

At Knoxville he rescued the Hon. H. Clay Evans from the crush of the crowd by pulling him up over the railing of the car by his own strength.

## To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

## The Victim of Drink

Needs Orinine Treatment.

Drink first destroys ambition; breaks up ties of friendship; it kills and buries love and eventually destroys the family life.

Some of the best men in the world have been victims of drink and if there is not some member in your family that is afflicted with this disease, you are indeed fortunate.

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary to destroy the craving, and this Orinine will do.

It destroys the desire for liquor, so that the drink will not be missed, also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health.

The remedy is absolutely harmless, is thoroughly scientific and is uniformly successful that it is sold with registered guarantee entitling you to a refund of your money if Orinine fails to effect a cure. Treatise on "How to Cure Drunkenness," (free on request, in plain sealed wrapper). The Orinine Co., Washington, D. C.

Orinine in two forms, No. 1, which can be given secretly without the patient's knowledge; No. 2 in pill form for those who wish to be cured. The price of either is \$1, mailed on receipt of price in plain sealed package, and both are sold under the guarantee.

Orinine is for sale by Kiskert & Wells, Barre, Vt.

## PRESIDENT CRICKSHANK.

Sketch of Barre Man Given by the Vermont Union Signal.

The following sketch is given by the Vermont Union Signal of a Barre man, Alex. I. Crickshank.

"In response to numerous inquiries concerning Alex. I. Crickshank, President of the Vermont State Branch, A. F. of L., whose recent election to serve the Granite Cutters' International association as one of its delegates to the American Federation of Labor convention at Norfolk, Va., was mentioned in last week's issue, the Signal presents a brief sketch of the indefatigable worker's life, his standing in the labor movement being such as to make this article of more than passing interest to the trades unionists of Vermont.

"Brother Alex. I. Crickshank was born in Aberdeen, Scotland, in the year 1868, where he learned the granite cutters' trade when reaching the age of maturity. Being an exceptionally good workman, and like the average Scot something ambitious to better his condition, his thoughts naturally turned to the good old U. S. A. where so many of his fellow townsmen had settled, and in March, 1892, he came to this country in search of suitable employment. After working at his trade in various states, he finally concluded to make his home in Barre, having lived in that bustling granite center for ten years, during which time he has acquired an enviable reputation for square dealing while serving the granite cutters on numerous committees and holding some of the most important offices within the gift of his own organization.

"In addition to his office at president of the Vermont State Branch, he is also president of Barre branch, G. C. I. A., the largest union in the state of Vermont, and one of the most conservative and best conducted unions in the entire country. He is district organizer for the A. F. of L. in Barre and vicinity, a member of Granite lodge, No. 35, A. F. and A. M. of Barre, the Barre Burns club, and the K. of P. Franklin lodge, No. 94, of Main street.

"He, as will be seen by the halftone at the head of the column, a good specimen of Vermont's large and ever-growing Scottish-American citizen mechanic constituency, being looked upon as a tenacious, thoughtful, somewhat conservative and safely progressive trades unionist, a firm believer in every principle, and unalterably opposed to their being abrogated when once entered into.

"He is a fair fighter, disinclined to go behind an opponent's back to say things that he would be ashamed to say to him in person, and while not a politician who tries his wit to catch every passing breath of popularity, has a strong following among those who know him best, as evidenced by the flattering vote given him by Barre branch when he was elected to serve the Granite Cutters' International association as one of its three delegates to the A. F. of L. convention."

## AS LONDON SEES IT.

"Pall Mall Gazette" Attributes Trouble to Roosevelt.

London, Oct. 24.—The market for American securities flat but was not excited. Operators are awaiting further developments.

The Pall Mall Gazette, commenting on the American situation, says: "President Roosevelt is indeed stirring up a dangerous dust in his cleansing of the financial house of the United States. The pity is that, in his zeal for reform and purity in financial methods, the few responsible for the foulness in various directions cannot be given a place inside the four walls of a jail."

## MUCH CONCERN FELT.

Ordinary Methods For Treating Catarrh Prove Unsuccessful.

Recent statistics showing an increase in catarrh have shaken the confidence of medical men in the usual prescriptions to safeguard human health from the ravages of the disease.

When stomach dosing proved ineffective, it was natural to look for some other treatment, and it is believed that is Hyomei an absolute cure for all catarrhal troubles has at last been found. Breathed through a neat pocket inhaler, its healing medication reaches every spot where there are catarrhal germs destroy them, prevents their future growth and soothes the irritated mucous membrane so that relief is felt almost instantly, while lasting cure is practically sure to follow.

The complete Hyomei outfit costs but \$1.00, and is sold by the Red Cross pharmacy under an absolute agreement to refund the money if it does not give satisfaction. It is the only cure for catarrh that has ever been sold under a guarantee to cost nothing unless it cures, but Rickett & Wells have so much faith in its power to cure all catarrhal troubles that they are willing to take the risk, so if Hyomei does not help you, there will not be a penny's expense. Get an outfit at once on this liberal plan.

## WEAK KIDNEYS AND BLADDER

Relieved by This Simple Home Made Mixture

## CLEANS FEEBLE KIDNEYS

Make Some Up and Try It, Anyway; Much Less Kidney Trouble Here if This Prescription to Make Home Remedy Becomes Known.

Here is a prescription that anyone can mix at home. Any good prescription pharmacy can supply the ingredients named at little cost; being composed of vegetable extracts, it is harmless and inexpensive. Best of all, it does its work well, relieving even the worst forms of bladder trouble, frequent urination, backache, kidney complaint, and by its direct action upon the eliminative tissue of the kidneys, makes these most vital organs rid the blood and system of waste matter and uric acid, which causes rheumatism.

Here it is: try it if you suffer. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.

A well-known local druggist is authority for the statement that one week's use shows good results in nearly every instance, and such symptoms as lame back, frequent desire to urinate, pain in bladder and even chronic rheumatism are generally relieved within a few days, the pain and swelling diminishing with each dose.

## BOY DISAPPEARED, ALSO \$6,500 IN CASH

Was Sent to Draw Out That Amount from the Knickerbocker Trust Company, and Didn't Return.

New York, Oct. 24.—One of those who managed to draw out funds in the run on the Knickerbocker Trust company Tuesday is being hunted by the police and private detectives. He is Philip Sapperstein, the messenger boy whom the Night and Day bank sent after \$6,500 at the Knickerbocker Trust company and who never came back. The boy is 17 years old and the police expect to catch him because of an incident in the employ of the company for more than a year and had been considered trustworthy. His mother will not believe that he has taken the money, but is sure that he must have been hurt or lured away. An attempt has been made by the detectives to ascertain the destination of the boy in which the check was paid, but so many checks were paid in such a short time Tuesday that the paying teller of the trust company could not give the detectives any information on that point.

## TAFT IN MANILA YET.

Secretary Postpones Departure Until November 9.

Manila, Oct. 24.—Owing to an unexpected amount of business, Secretary Taft has postponed his departure from the islands. He will embark on the United States ship Rainbow on Nov. 9. The Philippines squadron will escort him as far as Corregidor Island. The cruiser Chactanooga and Galveston will convey the Rainbow to Vladivostok.

Both houses of the legislature have practically accepted Commissioner Benito Legarda as delegate to Congress.

The police are strictly enforcing the commissioner's new gambling law. They visited the home of Judge Charles Smith of the court of first instance, during a session of the Bridge Whist club that was being held in honor of Mrs. Taft, and gave a warning that no prizes must be offered as it would be against the law. The public regard the incident as amusing.

## FISHING AGREEMENT MADE.

Our Vessels to Get Herring at Bay of Island.

St. John's, N. F., Oct. 24.—The captain of American fishing vessels and the fishermen at Bay of Islands have made an agreement whereby fishing will be carried on during the fall and winter without interference from the colonial government. The native fishermen will join the Gloucester vessels inside the three-mile limit and will supply herring to the schooners, but the Newfoundlanders will not actually ship on board the vessels. Under the colonial laws the native fishermen are liable to arrest for shipping on foreign vessels which fish in Newfoundland waters. Under the new arrangement the herring fishery will be conducted substantially along the lines pursued to Premier Bonaville's expedition in 1905. Fish supplied to the Americans will be admitted into the United States free of duty.

Stars and stripes hissed in Havana.

Anti-American Feeling Grows, the Army Buildings Under a Double Guard.

Havana, Oct. 24.—The anti-American feeling in Havana is growing. The authorities have doubled the guard over the army storehouses and other American property.

The stars and stripes was hissed at the National theatre, and Maurice Raymond, a presidentialist, was fined \$50 because he remonstrated with the audience for doing so.

## SAME GANG OF YEGGMEN

Cracked Safe at Pigeon Cove Yesterday Morning

## THEY SECURED ONLY \$200

Persons in Town Say They Heard Them Leave in Auto—Burglars Deadened Sound by Blankets Stolen From Nearby Stable.

Rockport, Mass., Oct. 24.—Deadening the sound of a terrific explosion with wet blankets stolen from a stable, yeggmens, believed to have made their escape in an automobile, blew open the post-office safe at Pigeon Cove early yesterday, and got away with \$200 worth of stamps and a small amount of money.

Of three breaks made at this post-office within two years, this was the most daring. Persons live close to the post-office, but so skillfully did the yeggmens work that they were not aroused. The break was not discovered until the office was opened at 6 o'clock.

Residents say they heard an automobile going at a fast rate of speed out of the town toward Gloucester.

Police officials believe it is the same gang of yeggmens who a week ago broke open safes at Winchendon, Troy and Swansey, N. H., using a powerful automobile in racing about the country.

The yeggs used a large charge of nitroglycerine. So terrible was the explosion that it shattered the steel structure of the safe, ripping the door completely off.

It was only two months ago that the safe was blown open and a small amount of loot secured. Post-office inspectors from Boston made a thorough investigation yesterday, and the police of all towns and cities of this section were notified in an effort to apprehend the robbers.

Chief of Police John E. Sullivan of Rockport has secured what he believes is a clew. Three men entered a drug store not far from the post-office and asked to have a \$10 bill changed. They were of suspicious appearance. One tried to buy oxalic acid. One was about 40 years old, 5 feet in height, weight 170, light complexion, cap with shiny visor; second, 50, 5 feet 8 inches, weight 175, light complexion, sandy mustache, cloth cap; third, 57, 5 feet 6 inches, dark complexion, dark beard, light blue eyes.

## REAR-END CRASH AT DURHAM.

Freight Trains Collide—Conductor of a Third Freight Badly Hurt.

Durham, N. H., Oct. 23.—Regular freight 908 crashed into extra freight 525 near the station here last evening at 6:45, doing considerable damage and injuring probably fatally, Conductor James Stillings of freight 907, which was on a siding, waiting to shift and pull out for Dover, besides bruising, but not seriously, Sylvester Keany, a brakeman of freight 525.

Trains 908 and 525 were both Boston bound. Train 908 was expected by train 525, which had slowed up, but it was not known just where it was, and a brakeman was sent back to flag it; but the train was long and heavy and the tracks were slippery and covered with leaves, and its momentum was so great that it could not be stopped quickly enough. It crashed into the caboose of 525, lifting it about three feet into the air and knocking the trucks off the track.

The engine of 907 was not much harmed except that the rear part, under the boiler, was crushed in. The headlight was broken, however, and it set fire to the caboose, but the fire was quickly extinguished. The engine tender was considerably crushed.

Conductor Stillings of 907 was walking beside the engine of his train, watching for the right light to pass the switchlight, when the two trains on the main line collided.

## ANOTHER VICTORY.

Won by Supporters of Henry M. Whitney in Massachusetts.

Boston, Oct. 24.—The supporters of Henry M. Whitney won a victory yesterday over those of Gen. Charles W. Bartlett, who opposed him for the Democratic nomination for governor, when the ballot law commission decided that, holding convention in the second Norfolk senatorial district, at which Whitney candidates for state senator and member of the state committee were nominated, was a legal one.

The convention was called to order by Daniel J. Kiley, chairman of the executive committee of the Democratic state committee, and the Whitney men in the convention claimed that they did not receive fair treatment. Previous to the state convention at Springfield, the state committee refused to recognize the nominee of the Whitney convention at Dedham and stated the nominee of the other convention, who voted with the Bartlett members of the state committee.

## WINCHESTER

## MODEL 1907 SELF-LOADING RIFLE .351 CALIBER HIGH POWER

This new rifle is the latest development of the Winchester Self-Loading system which has successfully stood the test of use and abuse for two years. It can be loaded and shot with great rapidity and is a serviceable, handy gun from butt to muzzle. The .351 Caliber High Power cartridge has tremendous velocity and energy, making it powerful enough for the largest game. Circular describing this rifle, "The Gun That Shoots Through Steel," sent upon request. WINCHESTER REPEATING ARMS CO., NEW HAVEN, CONN., U.S.A.

## AMERICAN ARMADA WILL LEAVE DEC. 15

On 14,000-Mile Journey Around the Horn to Pacific Coast—Will Be Strongest American Fleet Ever Assembled.

Washington, D. C., Oct. 24.—The strongest armada ever assembled by the United States, consisting of 18 battleships, with cruisers, torpedo boat flotilla and supply ships, were yesterday ordered by the secretary of the navy to depart from Hampton Roads for the notable 14,000-mile trip to the Pacific on Dec. 15. With the exception of three, all the battleships will leave the navy yards at which they are now being repaired on Dec. 1 and will gather at Hampton Roads on Dec. 9.

This great fleet of modern fighting vessels, with crews trained to the highest development, will leave a trail of United States prestige behind and will show the whole world what the American naval power has become. The fleet will be under the command of Rear Admiral Evans, the best known man in the navy. The flagship Connecticut is now undergoing repairs at the New York navy yard and will not be in readiness to start with the other ships of the squadron.

About 60 days will be occupied in making the trip to the Pacific, and during the long journey 100,000 tons of coal and 18,000,000 pounds of food will be consumed by the thousands of sailors. Lack of docking facilities may hamper the vessels. It is expected that, after the trip around Cape Horn, the vessels will require a thorough overhauling. There is but one dock on the Pacific coast, that at Puget sound, that is capable of receiving the large battleships.

## Help Him

Ask your doctor if there is one single injurious thing in Ayer's Hair Vigor. Formula published everywhere.

A very delicate matter, to be sure, but do you think your husband is as good looking as he ought to be? Help him out! Offer to buy him a bottle of Ayer's Hair Vigor if he will only use it. Removes dandruff, keeps the hair soft and smooth, gives the proper finish to the general make-up. *—C. A. Ayer, Lowell, Mass.*
